

COVID 19 VACCINATION CLINIC AT CIRENCESTER HOSPITAL

A Covid 19 vaccination clinic will be held **every Saturday morning until 26th March, at Cirencester Hospital.**

Anyone eligible for a vaccine is welcome to attend without an appointment between 8.30 am and 12noon. If you have received a text invitation you can also book a time slot. *Note that this clinic cannot currently be booked via the National Booking Service.*

This clinic will be administering the Pfizer vaccine.

Please ensure you are eligible for your vaccination before you attend. The table below provides information on who can receive a Covid vaccination, and time intervals between doses, and after a Covid infection.

Age Group	Dose	Time Between Doses	Time After a Covid Infection
Healthy 12-15 year olds	Two doses	At least 12 weeks between doses	At least 12 weeks after a Covid 19 positive test or first symptom
16-17 year olds	Two doses Booster	At least 12 weeks between doses At least 12 weeks between 2 nd dose and booster	At least 12 weeks after a Covid 19 positive test or first symptom
12 years and over At risk, immunosuppressed or household contacts of immunosuppressed	Three doses Booster	At least 8 weeks between 1 st , 2 nd and 3 rd dose At least 12 weeks between 3 rd dose and booster	At least 8 weeks after a Covid 19 positive test or first symptom
18 plus	Two doses Booster	At least 8 weeks between 1 st & 2 nd dose At least 12 weeks between 2 nd dose and booster	At least 4 weeks after a Covid 19 positive test or first symptom
